

CERTIFICATE

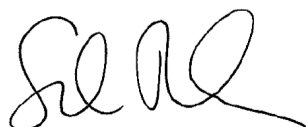

JONAS Doppeldecker

High-quality, single-coat paint for interior use with a matt, fine and extremely even surface finish. Doppeldecker is characterised by excellent application properties and outstanding whiteness. A long open time increases safety during application and ensures a seamless finish. It is particularly suitable for adverse lighting conditions (such as grazing light), retains its texture and is hard-wearing. Resistant to disinfectants. Is certified as preservative-free by TÜV SÜD, tested for harmful substances and subject to production monitoring. Blue Angel certified. Preservative-free, solvent-free and harmful emissions-free.

Preservative-free according to VdL guideline 01 or equivalent RAL DE-UZ102.
